work package

WP#3

Creation, delivery and report on piloting 3
TEL courses

Mr. Timo Halttunen & Ms. Satu Hakanurmi
University of Turku, Brahea Centre

TURUN YLIOPISTO
UNIVERSITY OF TURKU

objectives

- Learner-centred approach means that the learner is tutored to take charge of his or her own learning process
- Pilot courses will introduce the academics models and methods on how to change their paradigm of learning and teaching from a teacher-oriented model towards a needs-based model

Open questions

1. What subject areas do we choose?
2. What are your needs and expectations?
3. What do you want to learn in the courses?
4. How do we work?
5. Schedule/deadlines?
6. Tutored blended learning process on-line and workshops with learning diary?
7. Communication between meetings?
8. Contact person in Jordan?

Open questions

7. Communication between meetings?

Open questions

8. Contact person in Jordan?

Learning outcomes

- Upon successful completion of the course, the participant will be able to:
 - understand the paradigm of user-oriented learning and theories in TeL
 - scale the education to a specific level and to meet the needs in a professional context
 - define intended learning outcomes, teaching, tutoring and learning assessment for the course in relation to a specific level
 - design an on-line course by using the QA criterion

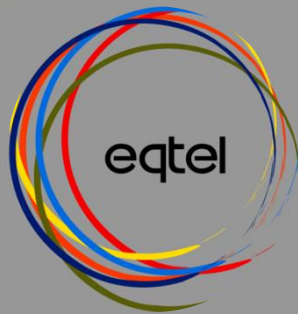

tasks

- The creation of 3 Pilot Courses
- Development of TeL Platform
- Provide international quality assurance methodology and training
- Delivery and reporting on Three Pilots using TEL/eLearning methodology

deliverables

- Creation of 3 Pilot Courses by
31 December 2014 in English
- Improved QA guidelines, pilots undertaken
in 5 Jordanian universities
- Evaluation of the pilots by the public
authorities and the academic staff

thank you!
