WP 5: “Enhanced Capacity for Development and Review of Quality-Based Technology Enhanced Learning”

Presented by Zeynep Olcen, Project Officer,
European Association for Quality Assurance in Higher
Education (ENQA)

objectives

- Capacity building of Higher Education Accreditation Commission (HEAC) staff and QA reviewers on topics related to QA of TeL courses and programmes
 - Enhancement of the expertise of HEIs in Jordan
- Overall support HEAC in promoting the quality of Jordanian higher education and encourage exchange of information between and among HEIs.

tasks

A number of capacity building activities is foreseen to be organised on **3 levels**:

- a) Capacity building of the **HEAC staff** (“Quality Assurance Division”): an international training will be designed in collaboration with the University of Turku. The activities will include a visit of the EU partners to the HEAC to **present the ESG and to support the development of QA policies**. This will be followed by a **“training workshop”** in Brussels with experts and QA agency representatives who can share their best practices in QA of distance learning on the national level.

- b) Capacity building of 6 Jordanian **HEIs**: an international training will be designed in collaboration with AQU Catalunya. The activities will include: guidance for the **drafting of self-assessment reports, initiation, follow-up and sustaining of quality culture, continuous interactions with HEAC, publication of guidelines and handbooks, training of quality department staff on eLearning and distance teaching standards**.

tasks

- c) Training of **QA reviewers**: training on **roles and responsibilities** of review panel members, **organisation of the site visit process, activities before, during and after the site visit, leadership and team dynamics, benchmarking and learning outcomes.**

- The trainings will also provide these 3 target groups the opportunity to learn about the ESG, share experiences and information among themselves and disseminate good practices on QA.

deliverables

- 1) Capacity building training for 6 Jordanian HEIs
 - The training will address teachers, trainees and administrative staff. The estimated delivery date is end of January 2015?

- 2) Capacity building training for HEAC staff
 - The training will address public authorities and the administrative staff. The estimated delivery date is end of March 2015?

- 3) Capacity building training for QA reviewers
 - The training will address expert reviewers in QA. The estimated delivery date is end of May 2015?

deliverables

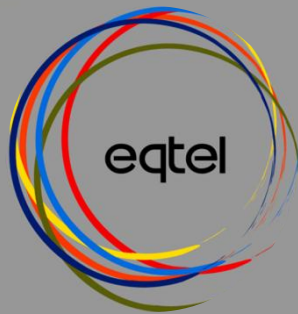

4) Reports on the trainings

- The reports will periodically collect information on participants' opinions during the learning process and will address teachers, trainees, administrative staff and public authorities. The reports are estimated to be delivered end of February 2016.

5) Report on good practices on QA standards and TeL

- This can be the collection of the information and presentations gathered at events including some concrete country or institutional examples and a limited survey of good practices on QA of e-learning among ENQA members.
- The report will address teachers, trainees, administrative staff as well as public authorities. The estimated delivery date is end of February 2016.

thank you!
