work package

WP#6

The Development of the Sustainability Plan
for a Publically Recognized Jordanian TEL
Centre in Alignment with Governance
Reform

Abdallah Al-Zoubi

PSUT

objectives

Advisory Committee will be created to ensure that the design of the Sustainability Plan is appropriate to Jordan context, good knowledge transfer from the European partners; critic selection of good practices, guidelines and e-learning methodologies; quality assurances standards and evaluation criteria

Secondly, once the Sustainability Plan will be ratified, it is planned to establish connection between education policies by Jordan government and Sustainability Plan itself. The continuous dialog between the Advisory Committee and politicians in charge of an educational reform in university system focused on National Quality Assurance System for Technology Enhanced Learning. Conclusions will be obtained from all meetings so as to be included in the Final Report.

objectives

WP6 will answer the necessity to act and provide for the appropriate technological equipment to all universities that participate to the project.
